

Fra TAURUS

(www.taurus-sales.com)

God ”efterjul” og godt nytår til alle læsere.

Der er sket et par ændringer repræsentationsmæssigt på det sidste. I listen under Infrastructure er tilføjet Courtyard (mere herom nedenfor), mens Chyron er forsvundet. Under Transmission er tilføjet ARG (broadcastsignaler via standard Telco linier og kredsløb).

Courtyard (CY) - orientering

(www.courtyard.co.uk)

Vi er meget glade for at have overtaget Courtyard repræsentationen. CY er et engelsk firma, som pt. har deres priser i GBP, hvilket vi i Euro-zonen kan glæde os meget over. Det betyder billige priser for kvalitetsudstyr. Når listepriiserne så i øvrigt ligger ca. 30-35% under jævnførbare konkurrenters priser, så kan Courtyard blive en vinder på produktområderne. TAURUS dækker landene Danmark (herunder Færøerne & Grønland), Norge og Island.

CY's vigtigste produktområde er Sync. Pulse Generators & Test Pulse Generators (SPG & TPG) med tilhørende Change Over enheder.

Men der produceres flere slags udstyr som On-air-, Sport- & VT clocks, Karaktergeneratorer (basic PC driven) samt en Legaliser.

Om SPGs & TPGs (type CY490):

Features:

- PAL/NTSC/625/525 switchable
- Comprehensive range of test patterns for all analogue and digital applications
- ± 4 field (PAL) / ± 2 field (NTSC) timing range
- Multiple & configurable reference outputs (PAL/NTSC / Tri-Level Sync in all HD formats)
- 4 LTC (standard and offset) or pulse outputs (User programmable)
- VITC on all outputs (User Select)
- Analogue stereo tone output with programmable interrupt
- Embedded audio
- User programmable text idents (3)
- Animated text idents
- Text idents in any language (bitmap import)
- Full colour logo over test pattern output (bitmap import)

Options available:

- Multiple user configurable and independently adjustable ref. outputs (NTSC colour black, PAL Colour Black & Tri-level Sync)
- 10MHz reference input
- SD colour black and test (with embedded tone / silence)
- HD/SD black and test patterns (with embedded tone / silence)
- AES digital tone, Silence, Word-clock
- Remote control via RS232
- Remote control over IP
- Remote control over IP

Hos CY kan man fremvise en imponerende referenceliste – selvklart de store engelske producenter, men også en lang række brugere mange andre steder i verden.

Med venlig hilsen
TAURUS ApS

Arne Lillevang

INFRASTRUCTURE

Crystal Vision

Converters, Synchronisers, Distribution, Em- & De-embedders, Keyers, Delays, Switchers

Pro-Bel

Routers, Control Systems, Auto & Presentation Systems, Vistek modular range

Courtyard

Sync. Pulse Gen., TPG, On-air, sport & VT clocks, CGs, Legaliser

Echolab

Video Mixers – digital / analogue

DekTec

PCI cards; digital TV generators and for measurements

Microvideo

Text-TV, Mixers, Keyers, VBI dataProducts, Wide Screen sig.

VAC - Video Access. Corp.

Video & Audio building bricks

TRANSMISSION

Electrosys / Itelco S.p.A.

Transmitters for digital (DVB-T- S-C & DAB) & analogue signals

Broadcast Electronics Inc.

Radiosendere, AM-FM-HD Radio

RVR Elettronica S.p.A.

Stereo MPXs, FM & TV exciters and transmitters, antennas

Gigaset Ltd.

Microwave equipment, SNG uplinks, Special links

PPM – Pulse Power &

Measurement – Fibre-optical transfers, Communication, Test & Instrumentation, Custom Systems

ARG

Signals via Telco lines and circuitry (E1, E3, STM-1)

Bluebell Communications

Optical fibre network systems; video, audio & telecom signals

Novotronic

High frequency switching (incl. L-band), measuring, attenuation, amplifiers, dividers and more

TANDBERG Television

Encoder & decoders, MPEG-2, MPEG-4, TV over IP and more

Factum Electronics

DAB encoders, S & E muxes

PEAK Communications

Frequency up / down conversions

Polatis Inc.

Fibreoptical switching

T-VIPS

IP connectivity, JPEG-2000

Hypercable International

DVB-S/S2, DVB-T & Ku-band Transmissions (special solutions)

TECHNICAL SEMINARS

DVB & DAB
